

Fanless Industrial PC

Compact fanless PC for HMI, data logging and edge analytics in dusty environments.

Standard

Hardware

Edge & control

KEY FEATURES

Fanless design for dusty environments

Runs HMI, data logging and edge analytics

Wide temperature and DC input

Multiple Ethernet and serial ports

TYPICAL APPLICATIONS

Operator HMI stations

Edge servers in cabinets

Data loggers for test campaigns

TECHNICAL HIGHLIGHTS

CPU x86 multi-core

STORAGE Industrial SSD

PORTS 4 x Ethernet, 2 x serial, USB

TEMPERATURE -20 to +60 °C

POWER 12 to 24 VDC

Indicative specifications, confirmed per project.

INDUSTRIES

Manufacturing

Mining

Energy & utilities

Ports & logistics

Standard: off-the-shelf product, configured and supplied by ITTC.

100% B2B. Supplied through ITTC partner companies specialized in each vertical. Contact us for the partner in your sector, a quotation or a technical briefing.
